Senate Bill 734 on Second Reading

The Presiding Officer laid before the Senate on its second reading and passage to engrossment:

S. B. No. 734, A bill to be entitled "An Act to secure for Texas citizens flood insurance coverage under the National Flood Insurance Act of 1968 and authorizing counties bordering on the Gulf of Mexico and its Bays to enact regulations and ordinances and to enforce such regulations and ordinances; and declaring an emergency."

The bill was read second time.

Senator Schwartz offered the following Committee Amendment to the bill:

Amend S. B. 734, by striking all below the Enacting Clause and substituting in lieu thereof the following:

Section 1. The State of Texas recognizes the personal hardships and economic distress caused by flood disasters since it has become uneconomical for the private insurance industry alone to make flood insurance available to those in need of such protection on reasonable terms and conditions. Recognizing the burden on the nation's resources, Congress enacted the National Flood Insurance Act of 1968, whereby flood insurance can be made available through coordinated efforts of the Federal Government and the private insurance in-

dustry, by pooling risks, and through the positive cooperation of state and local government. The purpose of this Act is to evidence a positive interest in securing flood insurance coverage under this Federal program, and to so procure for those citizens of Texas desiring to participate; and to promote the public interest by providing appropriate protection against the perils of flood losses and encouraging sound land use by minimizing exposure of property to flood losses.

Sec. 2. Any county bordering on the Gulf of Mexico or the tidewater limits thereof may determine and describe the boundaries of flood, or rising water prone, areas. The suitability of such determination shall be conclusively established when the commissioners court of such county shall have made a finding in a resolution passed by it that an area or areas located within the boundaries of such county are flood, or rising water prone, areas.

Sec. 3. For the purposes of this Act, the phrase, "flood or rising water prone, area" shall mean an area that is subject to or exposed to flooding by the Gulf of Mexico or its tidal waters, including lakes, bays, inlets, and lagoons, which results in damage to land or property.

Sec. 4. The commissioners court of any such county shall have the power and authority to enact and enforce regulations which regulate, restrict, or control the management and use of land, structures, and other development in flood, or rising water prone, areas in such a manner as to reduce the danger of damage caused by flood losses. This power and authority may include, but shall not be limited to, requirements for flood-proofing of structures which are permitted to remain in, or be constructed in, flood or rising water prone, areas; regulations concerning minimum elevation of any structure permitted to be erected in, or improved in, such areas; specifications for drainage; and any other action which is feasible to minimize flooding and rising water damage.

Sec. 5. The fact that there is an urgent need for legislation to bring flood and rising water prone areas within those regulations required for participation in the National Flood Insurance Program and that the earliest possible date is the more advantageous date for possible participa-

tion by cities, towns, and counties with the Federal Insurance Administrator creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and the Rule is hereby suspended; and that this Act shall take effect and be in force from and after its passage, and it is so enacted.

The Committee Amendment was read and was adopted.

Senator Schwartz offered the following Committee Amendment to the bill:

Amend S. B. 734, by striking the caption and substituting in lieu thereof the following:

**A BILL  
TO BE ENTITLED**
